

# Green BuildTech 2027

International Green Building Technology Expo

**3<sup>rd</sup>-5<sup>th</sup> JUNE 2027**

India Expo Centre & Mart  
Greater Noida, U.P, India

## EXPO THEME:

Advancing Green Building Technologies  
for a Sustainable Future

## CONCURRENT EVENT

World Environment Expo 2027

GreenBuild Summit 2027

Green India Awards 2027

## Key Focus Areas

Green Building Materials & Sustainable Construction Products

Smart Buildings & Automation Systems

Energy-Efficient Building Technologies

Net-Zero & Low-Carbon Building Solutions

HVAC, Ventilation & Indoor Air Quality Systems

Renewable Energy Integration (Solar, BIPV & Energy Storage)

Green Roofing, Façades & Building Envelope Technologies

Water Conservation, Plumbing & Wastewater Management

Waste Management & Circular Construction Solutions

Smart Lighting & Energy Management Systems

IoT, AI & Digital Technologies for Smart Buildings

Fire Safety, Building Security & Life Safety Systems

Insulation, Acoustic & Thermal Performance Solutions

# GREEN BUILTECH EXPO 2027

INTERNATIONAL GREEN BUILDING  
TECHNOLOGY EXHIBITION

## ABOUT THE EXPO

**Green BuildTech Expo** is a premier International Green Building Technology Exhibition dedicated to showcasing the latest innovations, technologies, products, and solutions that are shaping the future of sustainable construction and the built environment.

The expo serves as a comprehensive B2B platform connecting architects, developers, builders, consultants, engineers, manufacturers, technology providers, policymakers, urban planners, and sustainability professionals from across the globe. It provides unparalleled opportunities for business networking, product launches, knowledge exchange, and strategic collaborations.

The exhibition is designed to support the growing demand for sustainable, resilient, and future-ready buildings by bringing together the entire green building ecosystem under one roof. Through exhibitions, conferences, technical seminars, live demonstrations, and networking sessions, Green BuildTech Expo fosters innovation, accelerates technology adoption, and creates new business opportunities for stakeholders across the construction and infrastructure sectors.

Building a **Sustainable Future**  
for Generations to Come.

## OBJECTIVES OF GREEN BUILTECH EXPO

Promote the adoption of sustainable, energy-efficient, and environmentally responsible building technologies.

Showcase the latest innovations in green building materials, smart building systems and sustainable construction solutions.

Provide a premier B2B platform for manufacturers, technology providers, architects, developers, consultants, contractors, and policymakers to connect and collaborate.

Encourage the development of net-zero, low-carbon, and climate-resilient buildings and infrastructure.

Support knowledge sharing through conferences, technical seminars, expert sessions, and live product demonstrations.

Facilitate business networking, strategic partnerships, investment opportunities, and technology transfer.

## EVENT HIGHLIGHTS

**200+**  
EXHIBITORS

**10,000+**  
VISITORS

**4+**  
BUSINESS  
NETWORKING  
ACTIVITIES

## EXHIBITORS PROFILE

- Green Building Products & Materials
- Green Building Technology
- Energy Efficient Products
- Wastewater Treatment Systems
- HVAC Systems & Products
- Water Efficiency Technologie
- Rainwater Harvesting Systems
- Green Infrastructure & Biodiversity
- Green Building Projects
- Builders & Developers
- Green Building Consultancy Design and Services
- Gardening and Landscaping Products & Services
- Fence Fencing and Landscaping Machinery
- Building Automation & Controls
- Building Information Management
- Construction Machinery and Equipment's
- IT & Software
- Sustainable Construction Solution
- Smart Building & Building Automation
- Energy-Efficient Building Technology
- HVAC, Ventilation & Indoor Air Quality
- Renewable Energy & Building-Integrated Solar (BIPV)
- Energy Storage & Building Energy Management
- Building Envelope, Façade & Roofing System
- Doors, Windows, Glass & High-Performance Building
- Insulation, Waterproofing & Construction Chemical
- Cement, Concrete & Sustainable Building Product
- Steel, Aluminium & Structural Building Solution
- Modular, Prefabricated & Off-Site Construction
- Plumbing, Water Conservation & Wastewater Management Solution
- Smart Lighting & Electrical System
- Building Information Modelling (BIM)
- IoT, AI & Smart Infrastructure Technology
- Fire Safety, Security & Access Control Solution
- Elevators, Escalators & Vertical Transportation
- Green Interior Products, Flooring & Sustainable Furniture
- Landscape, Urban Design & Green Infrastructure Solution
- Waste Management & Circular Construction Technology
- EV Charging Infrastructure & Sustainable Mobility Solution
- Green Building Certification, ESG & Sustainability Consultants
- Architectural & Engineering Design Firms
- Project Management & Construction Consultancy Firms
- Testing, Inspection & Certification Organizations
- Research Institutions, Universities & Innovation Centres
- Urban Development Authorities
- Finance & Insurance
- Ministries, PSUs, and Government Agencies
- Educational & Research Institutions
- Trade Associations
- Publications & Trade Media

## VISITORS PROFILE

- Architects
- Real Estate Developers & Builders
- Civil, Structural & MEP Engineers
- Construction Contractors & Project Managers
- Construction Companies
- Consultants
- Municipalities
- Urban Planners & Smart City Officials
- Government Departments & Public Works Authorities
- Infrastructure Development Companies
- Facility Managers & Building Owners
- Green Building Consultants & Sustainability Professionals
- Energy Managers & ESG Professionals
- Building Automation & Smart Technology Integrators
- HVAC Consultants & Mechanical Engineers
- Interior Designers
- Electrical Engineers & Lighting Consultants
- Plumbing, Water & Wastewater Professionals
- Landscape Architects & Urban Design Consultants
- Procurement Heads & Purchase Managers
- EPC Companies & Project Consultants
- Corporate Real Estate & Facility Management Teams
- Industrial & Commercial Infrastructure Owners
- Hospitality, Healthcare & Educational Infrastructure Developers
- Traders, Wholesalers and Retailers
- Energy Modelers
- Green Building Facilitators
- Retail, Mixed-Use & Township Developers
- Renewable Energy Developers & Solar Integrators
- Testing, Inspection & Certification Agencies
- Financial Institutions, Investors & Project Financiers
- Government Policy Makers & Regulatory Authorities
- Research Institutions, Universities & Technical Professionals
- Investors & Promoters
- State Development Authorities
- Industry Associations & Trade Bodies
- Technology Providers & System Integrators
- Importers, Exporters, Distributors & Channel Partners
- Startups, Innovators & Entrepreneurs
- Media, Trade Publications & Industry Analysts

## BENEFITS OF PARTICIPATION

- Meet high quality prospects and decision Makers
- Brand Building opportunity among industry
- Direct interaction with industry suppliers, buyers and distributors
- Access to an extensive network of professionals.
- Connect with international industry participants.
- Showcase your latest technologies, products and services
- New import & export opportunity
- Network with Industry professionals
- A platform to engage with a diverse, international audience.
- Interactive sessions with potential clients and partners.
- A platform to launch new products
- Explore Joint Ventures & partnerships

# GreenBuild Summit 2027

International Summit on Green Building  
Technologies and Sustainable Infrastructure

**THEME:** Transforming Infrastructure  
through Green Technologies

04<sup>th</sup>

**JUNE 2027**

India Expo Centre & Mart  
Greater Noida  
Uttar Pradesh  
India

## TOPICS

Green Building & Sustainable  
Construction

- Sustainable Materials & Circular Economy
  - Smart Buildings & Digital Technologies
  - Energy & Climate Solutions
  - Water & Resource Efficiency
  - Urban Development & Smart Cities
- 

# GREEN INDIA Awards 2027

**04th June 2027**

**India Expo Centre & Mart  
Greater Noida, U.P., India**

Green India Awards is a prestigious platform that recognizes organizations, individuals, startups, government bodies, NGOs, and institutions for their contributions toward sustainability, environmental protection, green innovation, and climate action in India. The awards aim to celebrate and promote India's Green Champions and encourage best practices in creating a sustainable future.

Green India Awards honor outstanding achievements in green technologies, sustainable infrastructure, renewable energy, waste management, ESG initiatives, green buildings, circular economy practices, and environmental conservation. The awards bring together industry leaders, policymakers, innovators, corporates, startups, and sustainability professionals to celebrate impactful initiatives shaping a greener and more sustainable India.

## AWARD CATEGORIES

Green Building Project of the Year

- Green Building Technology Innovation
- Smart Building Solutions
- Building Energy Efficiency
- Renewable Energy Integration
- Sustainable Construction Materials
- HVAC & Energy Management Solution
- Digital Innovation in Green Buildings
- ESG & Sustainable Development Award
- Climate Resilient Infrastructure
- Water Conservation & Management
- Global Green Leadership
- Green Building Project of the Year
- Net-Zero Building of the Year
- Green Developer of the Year
- Smart Infrastructure Project of the Year

# ORGANIZERS

## INDIAN EXHIBITION SERVICES (IES)

**Indian Exhibition Services (IES)** is a leading Exhibition organizing company in India. That has been involved for the last several years in trade promotion activities like exhibitions, seminar & conferences, buyer seller meets in India and abroad. IES major initiatives are Sport India Expo, Fitness India, Rehab India Expo, Sport India Conference, Sports Goods Manufacturers Forum, Sport India Infrastructure Summit, Sport India Fashion Show, World Environment Expo, Greenovation – International Green Building Technology Expo, Biodegradable Expo, World Environment Conference, EV India Expo, E-Charge Forum, India Buildtech, Gas India Expo, NGV India Expo, World Gas Summit etc.

IES is engaged in national and international trade promotion and provide business platform to the corporates, industrialist, and small-scale industry to promote their products through the buyer seller meets & trade exhibitions with the aim to create a bridge between buyers and suppliers.

## GREEN SOCIETY OF INDIA (GSI)

Green Society of India (GSI) is a registered and non- profit organization under the societies registration act XXI of 1860 with its head office in New Delhi (India) and working for the environment protection with the aim to create environmental awareness and Involved in research, investigative, educational work in the field of pollution, forest, wildlife, land & water use and various aspects of the environment.
